

**MATTHEW MOSS  
HIGH SCHOOL**  
*Learning for Life*

Dear Parents / Carers,

As you may be aware the country is experiencing a heightened level of illness caused by Coronavirus.

Following the advice from Public Health England and Department for Education Matthew Moss High School will close on Friday 20th March at 3.25pm. At present we are unsure of how long the school will remain closed. However, we will strive to ensure the continual education of our learners using online platforms.

Your child's class teacher will set work on the MMHS cloud. This will either be on the Google Classroom or shared directly with your child via their MMHS gmail account.

Learners will be expected to follow their normal school timetable and their teacher will be available at this time to offer support and guidance via gmail.

Learners will be asked to complete their learning on Google Docs and / or Google Slides and submit it to their teacher electronically.

Learners also have access to the following learning applications:

- Tassomai for Science
- Linguascope / Memrise for French
- Hegarty for Maths
- Seneca for other subjects

For learners in Year 11 the advice is to continue preparing for your exams as normal as you may be required to sit them in the future. Learners should not worry unduly about college places. Staff will be available to support Year 11 learners throughout this period and we will continue to update learners and parents as more information is provided.

If a learner has any concerns the Learning Mentors and Heads of Family are available via gmail for advice and support.

If during this period you have concerns regarding coronavirus please follow the advice given by Public Health England and the NHS. The information can be found at the following website:
